Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	The Bridge Satellite Provision
Number of pupils in school	29
Proportion (%) of pupil premium eligible pupils	68.97%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2022 - 2026
Date this statement was published	11.10.22
Date on which it will be reviewed	11.10.23
Statement authorised by	Rosie Whur
Pupil premium lead	Rosie Whur
Governor / Trustee lead	Stephanie Smith

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£25,085
Recovery premium funding allocation this academic year	£10,104
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£35,189
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	

Part A: Pupil premium strategy plan

Statement of intent

We will use pupil premium funding to help us achieve and sustain positive outcomes for our disadvantaged pupils. Whilst socio-economic disadvantage is not always the primary challenge our pupils face, we do see a variance in outcomes for disadvantaged pupils across the school when compared to their peers (and those who join us at similar starting points).

Our key aims are:

- For all of our pupils in the school to fulfil their full potential academically
- To develop our pupil’s social communication skills, to enable them to learn to build and sustain healthy relationships
- To build our pupils resilience and support their emotional wellbeing
- To support pupils with emotionally based school avoidance to re-engage with school
- To develop out pupils’ independence skills in order that can contribute positively to the wider community going into adulthood

At the heart of our approach is high-quality teaching focussed on areas that disadvantaged pupils require it most, targeted support based on robust diagnostic assessment of need, and helping pupils to access a broad and balanced curriculum. Although our strategy is focused on the needs of disadvantaged pupils, it will benefit all pupils in our school where funding is spent on whole-school approaches, such as interventions to support emotional wellbeing and self -regulation. Implicit in the intended outcomes detailed below, is the intention that outcomes for non-disadvantaged pupils will be improved alongside progress for their disadvantaged peers. We will also provide disadvantaged pupils with support to develop independent life and social skills and that careers guidance and further and higher education guidance is available to all. Our strategy will be driven by the needs and strengths of each young person, based on formal and informal assessments, not assumptions or labels. This will help us to ensure that we offer them the relevant skills and experience they require to be prepared for adulthood.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1.	Pupils’ ability to self-regulate and readiness for learning
2.	Social communication skills
3.	Lack of confidence, low self-esteem, high anxiety
4.	Capacity for parents to implement interventions at home
5.	Difficulties accessing physical, social and cultural experiences in the community

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils' are able to self-regulate and are ready to learn	<ul style="list-style-type: none"> • GL assessments show progress for all pupils due to increased engagement • Reduction in behaviour incidents
Pupils are able to make and sustain relationships	<ul style="list-style-type: none"> • Summative assessment by teaching staff and therapists demonstrates progress in social communication skills
Pupils develop and generalise strategies to support their emotional wellbeing	<ul style="list-style-type: none"> • GL assessment tools demonstrate an increase in emotional wellbeing across the school
Parents are able to implement positive behaviour strategies at home	<ul style="list-style-type: none"> • Parents reporting through surveys reduction in behaviours at home and an increased wellbeing for themselves and their child
Pupils are accessing a range of activities and experiences in the community	<ul style="list-style-type: none"> • Evidence collected from parents which demonstrates community participation • Cultural capital plan implemented and positive feedback by pupils

Activity in this academic year 2022- 2023

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 3500

Activity	Evidence that supports this approach	Challenge number(s) addressed
Positive behaviour support training	Reduction of incidents of behaviour, zero exclusions	1, 3
Increased support for identified teachers with developing the core Satellite Curriculum	Progress shown across the school with social communication skills	1, 2, 3

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £17,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Intervention lead	<ul style="list-style-type: none"> • Pupils self-regulating with increasing independence • Pupils social communication skills develop • Pupils reporting and demonstrating an increase in self-worth and emotional wellbeing • Pupils are ready to learn and there is improved progress 	1, 2, 3, 4, 5
Targeted interventions bought	<ul style="list-style-type: none"> • Pupils self-regulating with increasing independence • Pupils social communication skills develop • Pupils reporting and demonstrating an increase in self-worth and emotional wellbeing • Pupils are ready to learn and there is improved progress 	1, 2, 3, 4

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £15,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Family support worker	<ul style="list-style-type: none"> Improved attendance for emotional based non-school attenders Improved quality of family life, by targeted interventions and strategies being introduced at home 	4, 5

Total budgeted cost: £ £35,500

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Our internal assessments during 2020/21 indicated that disadvantaged pupils academic and wider development outcomes were in general below what was anticipated. The outcomes we aimed to achieve in our previous strategy by the end of 2020/21 were therefore not all fully realised. Our assessment of the reasons for these outcomes points primarily to Covid-19 impact. This disrupted the teaching of all subject areas and had a negative impact on most pupils’ development to varying degrees, particularly in limiting opportunities to progress social and communication skills and independence. We mitigated some of the impact on academic outcomes by providing learning at home, for those pupils who did attend school. However, it was challenging to provide differentiated support to our pupils online. We used pupil premium funding to help provide wellbeing support and targeted interventions where required. The impact of all these challenges was greatest on our disadvantaged pupils, as has been evidenced across the country.
