

FIRST® LEGO® League Challenge

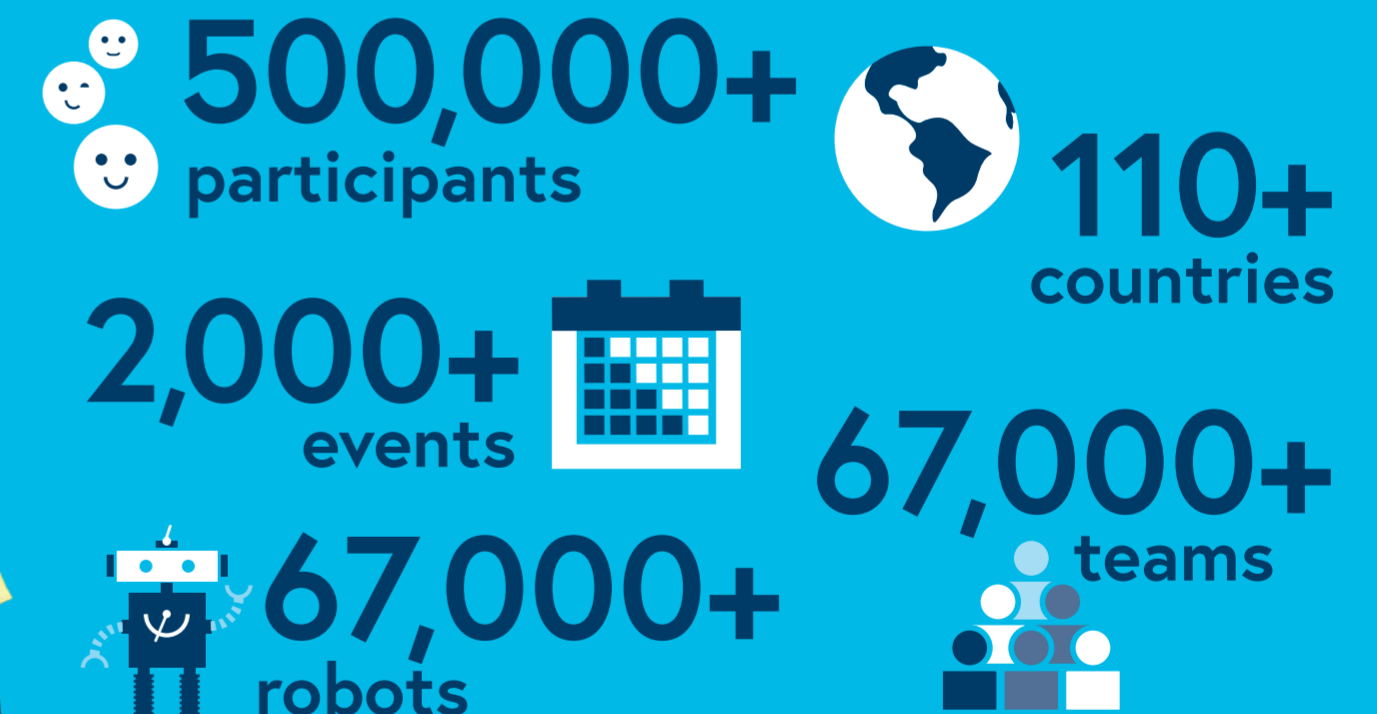

Building the
engineers of
tomorrow

A global robotics-based
life skills competition
for 9-16 year olds.

- Design, construct and program an autonomous robot.
- Research real-world themes, and design innovative solutions.
- Develop problem-solving, teamwork and communication skills.

Global competition stats include:

Look out for *FIRST® LEGO® League Explore* for 6-9 year olds and *FIRST® LEGO® League Discover* for 4-6 year olds.
