Our School Improvement Focus this week: SEMH Provision

Miss Hill said, "this week Tigers learned about column addition. We drew place value grids onto the tables, and used place value disks to help us calculate the answers.

We also found out about things that were invented during the Victorian era and tried to make junk models of our favourite inventions."

The Dolphin class enjoyed the sensory properties of clay this week, building castles and defenders of the castles and really enjoying themselves. Meet Barry, one of the defenders who joined the Dolphins.

These are exciting times at Fen Rivers and we are seeking two Parent Governors to join our Local Governing Body to join us on our journey of continual school improvement. If this is something that might interest you please contact me at school to discuss this further, or our Chair of Governors, Mr Kevin Lockyer, can be contacted via email on

K.Lockyer@thefenriversacademy.org.uk . Meetings are currently being held online via Teams and this is a really good opportunity to be involved in supporting your child's school on its journey. We do hope you will want to be involved.

I hope you enjoy the pictures of some of the fantastic learning that has been going on in and out of classrooms this week.

Mrs Fewkes A.Fewkes@thefenriversacademy.org.uk
