Multi Academies Trust

Issue: 03 April 24th 2020

children
online learning and a virtual curriculum and the volume of work that has already been completed and submitted to the teaching staff. We need to say a huge thank you to you as parents and carers for persevering and facilitating this for us at this time. If you are struggling and need any support with either Class Dojo or Purple Mash please do let your child's class teacher know when they make their daily call and we will do our utmost to get this working for you.

We are still very pleased to receive photographs of learning and enrichment activities taking place and these can be sent to your child's teacher. If you are happy for us to share these on the newsletter and the website please do let the teachers know this too. It has been an odd time for us too and it is really nice to 'see' visually what the children have been up to.

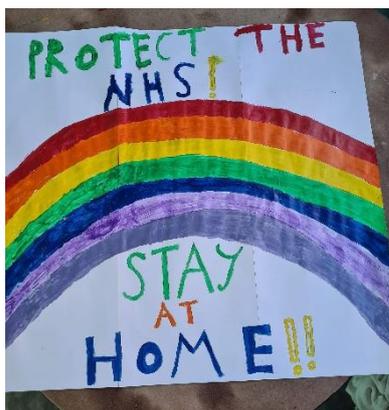

Mrs Cole has been delivering a virtual cooking session this week and several of you have been baking scones following her video and recipes. Look at the fantastic results. We hope you will make

them for us all to share when you are back at school. They look Super tasty! Lots of you have been cooking at home and sharing your successes.

It has also been good to hear about the support you have been showing for key workers and the NHS and seeing the

posters you have been creating for your windows. I know this means so much to people working so hard at this time. A big well

done everyone! We are really proud of how you are handling this time and can't wait to see you all again when things get back to normal.
