

Fen Rivers Academy Virtual School News

Issue: 08 June 5th 2020

**The Fen
Rivers
Academy**

Part of The Catch22
Multi Academies Trust

It's been another busy week at Fen Rivers as we have been working hard to plan and risk assess how we can safely get more of you back on to site to continue with the fantastic learning that has been going on at home. We are keeping a close eye on the local R rate, as well as following all government guidance and ensuring that our key priorities are met:

Children and Families feel safe

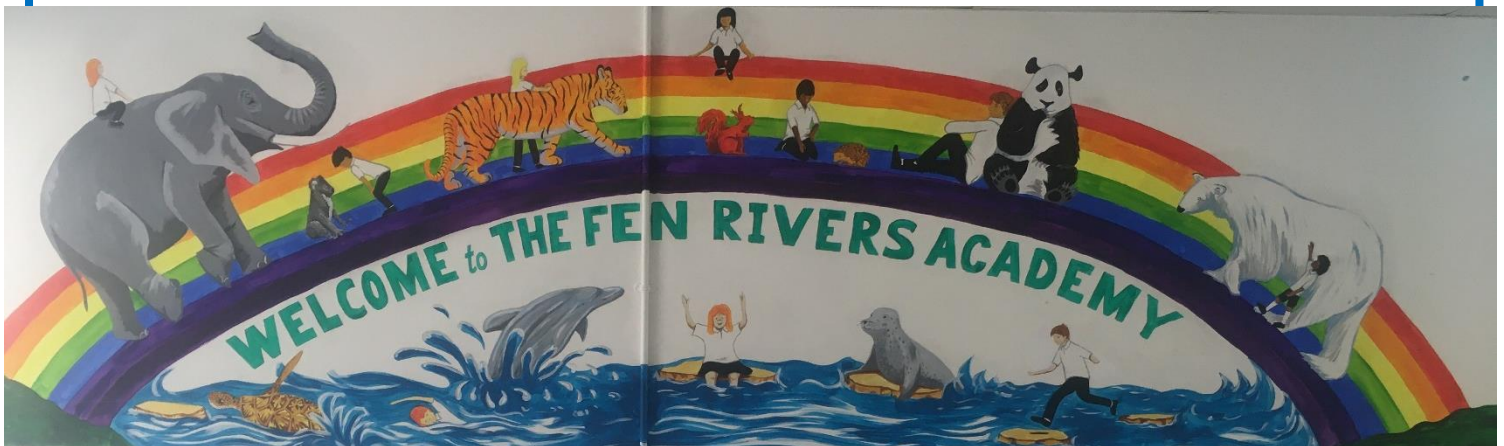

Staff feel safe

We are confident that the arrangements we put in place are in line with government guidance

Whilst we continue to risk assess and work out how we can get everyone back in a safe and socially distanced way we will continue to be in touch daily through phone calls, Class Dojo and Purple Mash and are keen to work with you and gain your views on how you feel about your child's return.

In the meantime, here are some photos of the work that has been going on at school during lock down.
